~Check chronic medication~

Volunteers

Specify Where + When they will be available to help

Patients

Check available doctors in the area & reserve a slot

Appointments

Recommended appointment time by doctors is **x** min/patient on average [x would be a value defined by the doctor when creating his/her profile]

The application will allow 30% overbooking in case some clients did not show-up

Only registered patients will allow to see the doctors to make sure activity is organized and fair

Rewards & Penalty

Review System will be implemented

Stars rating

Pre-defined review options

Donations
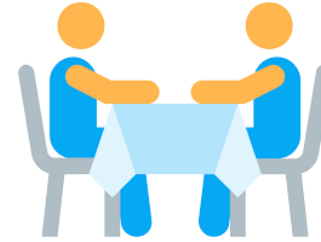

Donors have the choice to pay for

- Consultation [The only beneficiaries will be the volunteer doctors in the application + algorithm to make it fair for all doctors]

- Generic Donation that will help in sustaining the activity of Cure Heart to be able to help more people in need in our society [will be registered NGO]

  - P&L broadcasted transparently on the website

Donations through partnership

Partnerships Creation with Restaurants to get

- 1$ donation on any bill exceeding 30$

Partnerships Creation with Taxi Companies to get

- 1$ donation on any ride exceeding 30$
